

### EMPLOYEE SURVEY

Set a positive foundation with your teams through the engagement of an employee survey to assess their preferences around returning to the office

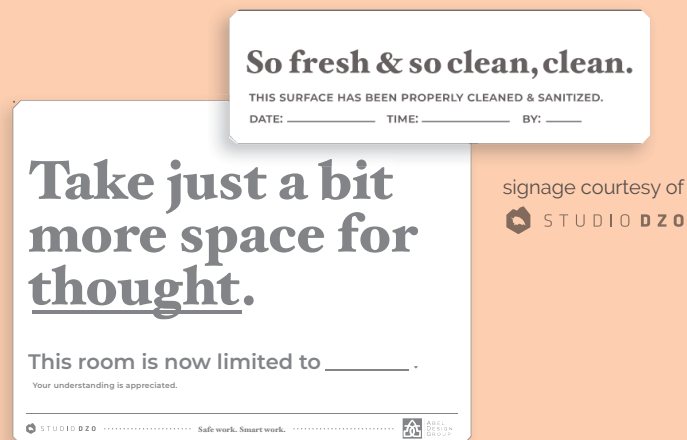

### RE-WORK FLOOR PLANS & OCCUPANCY POLICIES

Reconfigure furniture and/or re-work the floor plan as needed to ensure the workplace is structured for a safe, healthy, productive return

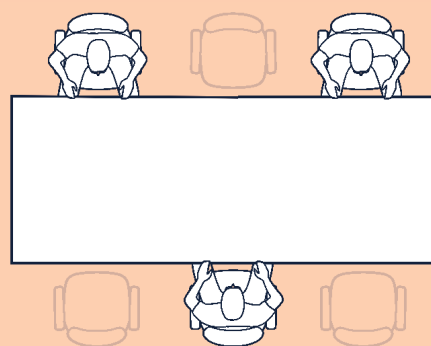

### RE-IMAGINE HARDWARE & FIXTURE SPECIFICATIONS

Replace plumbing fixtures, hardware, appliances, etc. with touchless technology and consider the replacement of porous finishes

### SIGNAGE & GRAPHICS PACKAGE

Inform, navigate and reassure occupants regarding new office protocols. ADG can provide a ready-to-print signage package or develop a customized solution for your office

### MODIFICATIONS TO SHARED SPACES

Evaluate and modify shared spaces incorporating local regulations and global health expert recommendations while maintaining a sense of community

### CHANGE MANAGEMENT & EMPLOYEE WELL-BEING

Now more than ever design should be human centric. With employee well-being front-of-mind, the work place must be a destination and experience worth leaving home for. A safe haven for collaboration and comradery
